SAFE FOOD : SAVE FOOD

Supported By

Bridging Food Manufacturing with Cutting-Edge Technology

Inter FoodTech and Snack & BakeTec 2027 returns for its 5th edition from April 15-17, 2027, at the Bombay Exhibition Centre, Mumbai, uniting the most dynamic segments – processed food, snacks, bakery, and confectionery. The event serves as a premier platform for innovation, technology, and growth, accelerating India's Food Tech transformation through smart, sustainable, and future-ready solutions.

India's Food Tech Sector on a Growth Trajectory

- ▶ India's food processing and food technology sector is witnessing rapid and transformative growth, driven by rising demand, innovation, and value addition across the agri-food chain.
- ▶ According to Invest India, the sector has recorded an average annual growth rate of 5.35% between 2017 to 2024, positioning it among the most dynamic segments of India's manufacturing ecosystem.
- ▶ In 2023-24, India's agri-food exports reached USD 46.4 billion, with processed foods contributing nearly 23.4%, reflecting the growing global trust in India's food quality and processing capabilities.
- ▶ With a market size projected to reach USD 700 billion by 2030, the Indian Food Processing industry is set to emerge as a global hub for sustainable food production by adopting to advanced processing technologies, and innovative packaging solutions, driving both domestic value creation and international competitiveness.

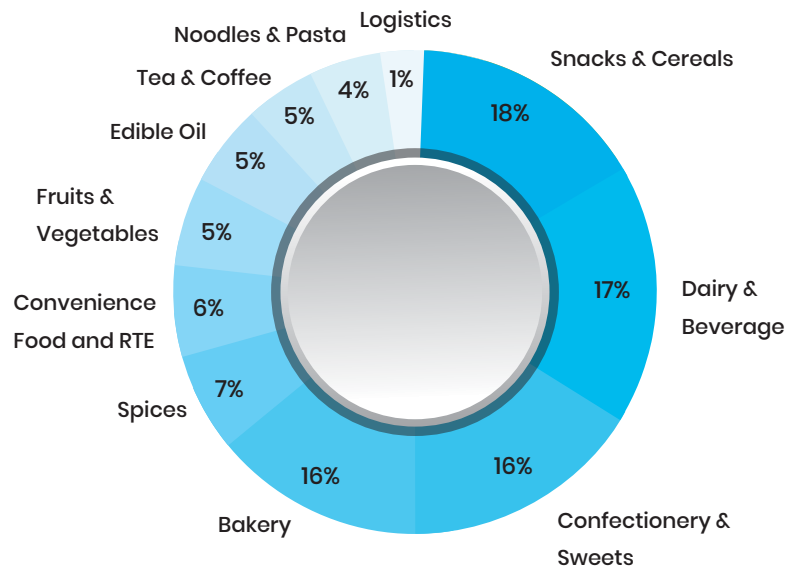

Key Reasons to Exhibit

- ▶ Hosted buyers
- ▶ Generate High-Quality Leads
- ▶ Network with Industry Leaders
- ▶ Track Emerging Market Trends
- ▶ Demonstrate Machines to Decision-Makers Directly
- ▶ Explore Export & Growth Opportunities
- ▶ Market oriented panel discussions
- ▶ Dedicated seminars / Product presentations

Exhibitor Profile

- » Food processing technology
- » Snack processing technology
- » Confectionery & chocolate processing technology
- » Bakery machines & equipments
- » Dairy & beverage technology
- » Fruits & vegetable processing technology
- » Edible oil processing technology
- » Ingredients and auxiliary materials
- » Automation, software, control equipment
- » Packaging material
- » Packaging machinery & ancillary equipment
- » Printing, coding, marking, stamping, sleeving, labeling & imprinting machines
- » Robotics, operating equipment and auxiliary devices
- » Food safety & quality management equipment
- » Refrigeration, air-conditioning, heating & ventilation technologies
- » Conveying, transport and storage facilities
